MOMO

## ABOUT US

MOMO Film Festival began in 2015 in Los Angeles with Cinevana, an international film festival that reached cities including London, Paris, Berlin, Istanbul, and Buenos Aires. Those experiences shaped our vision and planted the seeds of what MOMO would later become.

Carrying that spirit forward, MOMO FF launched its first edition in Hollywood, followed by Birmingham, and now proudly celebrates its third year in Ann Arbor.

At MOMO, we believe cinema has no single form. We honor diversity, embrace imperfection, and amplify bold voices that dare to tell their stories differently.

With warmth,

Mubeccel Esen Yazıcı & Okan Yazıcı
